The Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue Department, Bangalore

SIR,

With reference to your letter No. L.1650-Med.38-23-1, dated 23rd August 1923, I have the honour to append a statement showing the number of menials (i.e., peons, as distinguished from Ward Attendants, etc.) now borne on the establishments of the different institutions of this department, the number proposed to be retained as indispensable, with their distribution, and the number to be reduced, with the reduction of expenditure resulting thereby.

2. The statement follows the "priliminary" statement received with the Chief Secretary's Circular letter No. O.2070-G.M. 42-22-3, dated 10th October 1922, with the following variations.-

3. The total number of menials now existing is 69 according to the Schedules of establishments and not 71 as shown in the Priliminary statement, in which, perhaps, menials like Gardeners etc., were in some cases included. The number proposed to be retrenched is 8 against 14 shown in the Priliminary Statement.

4. With the exception of the Senior Surgeon who has four orderlies, being in charge of three departments. (he has no

17
no orderlies from the other two departments), one peon is proposed to be allowed for duty at the residence of each of the Officers in charge of institutions who are not provided with quarters in the premises. For this reason, the District Medical Officers of Bangalore, Mysore and Tumkur will be allowed a peon each, at the residence.

5. It will be seen from the above that the principles laid down in Government Order No. 1629-92 G.M.42-22-1. dated the 11th September 1922 have been adhered to in fixing the number of menials for work under officers. Similarly, as laid down in Government Order No. G.4520-79 G.M.42-22-13, dated 14th March 1923. the whole pay of the menials to be reduced is proposed to be a saving and no portion thereof will be used for giving increase of pay to any one. The saving expected is Rs.96/- per mensem. 728

Sir,

Your most obedient servant,
